Sheerline Prestige Bifold Doors

COMBINING INNOVATION, STYLE, SECURITY AND SUSTAINABILITY

Prestige bifolds can help soften boundaries, creating an increased sense of space and a seamless transition between your garden and the inside of your home.

Custom designed single rollers eliminate the need for floating mullions. Ensuring that whatever your style of door, our bi-folds have consistent 138mm sightlines between sashes, creating a balanced look.

FEATURES & BENEFITS

- 10 year guarantee
- Thermlock - unique thermal technology with multi-chamber design
- Up to 7 pane configuration
- Outstanding security - multi-point lock
- 2* lever/lever handles and 1* Plus Ultion cylinder as standard
- High security interlocks
- Slim sightlines
- U-value as low as 1.0W/(m²K) with triple glazing or 1.4W/(m²K) with double glazing
- Range of powder coated RAL colours, dual colours, bespoke RAL and foiled finishes
- Part L compliant
- PAS24

Sheerline Index Bifold Doors

INNOVATION STREAMLINED

The Sheerline Index bifold door is a versatile and stylish solution that combines modern design with exceptional performance. Offering slim sightlines and smooth operation, this bifold system allows you to create wide, open spaces while maintaining excellent thermal efficiency and security.

FEATURES & BENEFITS

- Super slim sightlines
- Double wheeled design
- Single roller and pre-gasketed clip in beads
- Bespoke Ingenious locking with one piece keeps and integral finger-pull passive door lock
- U-value as low as 1.0W/(m²K) with triple glazing or 1.4W/(m²K) with double glazing
- Available in 3 standard colours - Anthracite Grey RAL 7016, Jet Black RAL 9005 and Hipca White Gloss RAL 9910
- Part L compliant

Sheerline Lift & Slide Doors

SLIM, MULTI-TRACK ALUMINIUM DOORS

These high performance patio doors feature ultra slim sightlines with interlocks as slim as 52mm. They are the perfect way to frame a view and create panoramic views that can transform interiors.

You can choose between dual and triple track options, with various configurations of fixed and sliding panes to meet your exact requirements.

Additionally, with the flexibility to select two, three, or four panes it's easy to create the perfect connection to an outdoor space.

To ensure the elements are kept safely outside, whatever configuration is chosen, the doors will incorporate their patented sealing system, ensuring weathertight protection against the harshest UK weather conditions.

Choose from 12 standard colour options, bespoke or dual colours.

FEATURES & BENEFITS

- 10 year guarantee
- Energy efficient with Thermlock technology
- Exceptional security built-in
- Optional PAS24
- Discrete hook-locks eliminate protruding pegs
- U-value as low as $1.0W/(m^2K)$ with triple glazing or $1.4W/(m^2K)$ with double glazing
- Interlocks as slim as 52mm

Sheerline Prestige French Doors

On bright days, fully opening French doors creates a seamless connection between your garden and home.

The remarkably slim sightlines will improve your views and let natural light illuminate your living space.

Sheerline French Doors utilise a thermally efficient 72/80mm system, offering a diverse selection of styles and colours, incorporating a full depth Eurogroove, which maximizes your hardware options.

FEATURES & BENEFITS

- 10 year guarantee
- Energy efficient with Thermlock technology
- Patented corner construction
- Slim sightlines
- Stepped and contemporary opening sash
- Exceptional security built-in
- 2* lever/lever handles and 1* Plus Ultion cylinder as standard
- PAS24
- U-value as low as 1.0-1.4W/(m²K)
- Available in a wide range of colours and finishes

Sheerline Classic Heritage Doors

ART DECO STEEL LOOK DOORS WITH STUNNING AESTHETICS

Available as either a single door or French style entrance doors the Heritage Door is remarkably versatile. It effortlessly adapts to architectural styles from traditional and period properties to contemporary.

Thanks to its versatile design, complete with dummy transom bars and an extensive color range, this door beautifully complements the distinct personality of any home.

Period Inspired Lockbox Design

Featuring a retro pocket feature to the interior and exterior of the lockbox providing a unique heritage look.

FEATURES & BENEFITS

- Ultra slim sightlines
- Energy efficient with Thermlock technology
- Exceptional security built-in
- Optional 2 or 4 transom bars
- U-value as low as 1.4W/(m²K)
- Available in a wide range of colours and finishes
- Optional PAS24 upgrade
- 10 year guarantee

Sheerline Prestige Entrance Doors

THE PERFECT WAY TO MAKE AN ENTRANCE

Glazed aluminium doors help maximise the light flooding into homes, allowing homeowners to perfectly frame a view. The perfect way to bring an improved sense of space to an interior.

The doors are secure with multi-point locking and an optional midrail can accommodate a letterbox if required.

Door combinations can also be manufactured with continuous thresholds that continue across any sidelights for neater and higher quality installations.

Three high performance, low level threshold options all feature fully weather-sealed rebates that keep the worst of the British weather safely outside. Door frames easily fix to these thresholds using a universal moulding that's hidden from view externally. A cover strip continues the high-end aesthetics, hiding the fixings, which can be slid under the moulding to aid removal.

FEATURES & BENEFITS

- 10 year guarantee
- Energy efficient
- Available in a wide range of colours and finishes
- PAS24
- Wide range of configurations
- Sightlines 137mm sash to sash, 116mm midrail
- 2* lever/lever handles and 1* Plus Ultion cylinder as standard
- U-value as low as 1.0-1.4W/(m²K)

Sheerline Prestige Aluminium Windows

TRANSFORM HOMES WITH INNOVATIVE & STYLISH WINDOWS

Stylish aluminium windows that combine exceptional thermal performance with refined looks

Choosing the right aluminium windows for your home is an important decision. An investment that makes a real difference to not only the look of a property but to how warm and secure it feels too.

Prestige windows are thermally efficient and versatile, available in a wide range of window styles, and have been designed to be sympathetic to the modern trend for light, airy interiors. Using slim sashes allows more light to flood into the home, helping create that important sense of space and tranquility.

The high security, multi-point locking helps to keep homes safe and secure from intruders.

FEATURES & BENEFITS

- 10 year guarantee
- Energy efficient with Thermlock technology
- Exceptional security built-in
- U-value as low as $1.0W/(m^2K)$ with triple glazing or $1.4W/(m^2K)$ with double glazing
- Concealed ventilation for improved, discreet aesthetics
- Available in a range of colours and finishes

Sheerline Classic Aluminium Windows

ULTRA SLIM, HIGH PERFORMANCE WINDOWS, BEADED & BEADLESS

The ultra slim 59mm sightlines of the innovative Classic window system maximises the light flooding homes, creating a refined architectural look. The patented corner construction method resolves issues with misaligned corners.

Our Classic windows are available in casement, French and fixed styles, with sightlines as slim as 36.5mm for picture windows, and 59mm for opening windows*. Classic lets light flood in, opening up interiors helping to create that important sense of space and tranquility.

The Classic range can also be used to create traditional 'historically inspired' windows and doors. With specifically designed decorative bars for a distinctive period aesthetic.

The innovative Thermlock® multi-chamber design helps to keep properties well insulated against the worst of the UK weather.

FEATURES & BENEFITS

- 10 year guarantee
- Energy efficient with Thermlock technology
- Exceptional security built-in
- Optional PAS24
- Beaded or beadless options
- U-value as low as 1.1W/(m²K) A+ WER with triple glazing or 1.5W/(m²K) A WER with double glazing
- Available in a range of colours and finishes

Sheerline S2 Conservatory Roof

VERSATILE & STYLISH THE NEXT GENERATION OF ALUMINIUM CONSERVATORY ROOFS

The Sheerline S2 Conservatory Roof is a versatile and stylish evolution of the highly regarded K2 system, enhanced by over two years of additional development. The S2 provides installers with a stylish, easy-to-fit and thermally efficient solution that allows them to stand out in the conservatory sector.

S2 systems can accommodate every style and combination of roof, the new slimline appearance of the roof alongside customisable options such as variable internal pelmet and aluminium gutter shroud will add the finishing touches to any glazed extension. The slimline aluminium frame has been designed to maximise the view. An optional internal pelmet allows the addition of perimeter lighting, and the innovative Eaves Beam Booster adds additional support for bifold or patio doors.

FEATURES & BENEFITS

- Bespoke designs providing total flexibility
- Squared aesthetics offer a contemporary appearance
- Larger spans are possible using standard parts
- Thermally broken and efficient
- Optional internal pelmet and gutter shroud systems
- Eaves beam bolster for use over bifold or patio doors
- Durable, quality construction
- Versatile to fit many applications
- Installer friendly and intuitive to fit

Sheerline S1 Roof Lantern

THE UK'S MOST SECURE LANTERN

SECURE, SUSTAINABLE AND STYLISH

The S1 features ultra low line aesthetics so rafter and hip top caps sit close to the glazing level on the exterior, creating a sleek modern look. Completing this refined architectural appearance, the corner and rafter end caps run perfectly in line with the perimeter, so no unsightly angles jut out to spoil the perfect lines of this contemporary high-performance aluminium lantern.

The innovative construction of the S1 system eliminates the security weaknesses of traditional lantern designs. Features such as anti-tamper screws, enclosed anti-tamper glazing, security tape and the patent pending glass lock, alongside the unique high security ridge end, ensure there isn't an easy way to enter a property via its roof lantern.

FEATURES & BENEFITS

- 10 year guarantee
- 13 styles and a range of colours
- Energy efficient with Thermlock technology
- Exceptional security built-in
- Optional Secured by Design upgrade
- 25° pitch

SHEERVENT®
FLUSH INTELLIGENT VENTILATION

Fully thermally broken flush roof vents make this lantern stand out from the crowd.

Optional rain, wind and light sensors can automate the closing of the roof vent for added peace of mind.

Options & Extras

Colours & Finishes

Find the right colour to bring your vision to life. Depending on the product chosen, colour options include :-

- Dual colour
- Powder coated RAL
- Metallic finishes
- Smooth or woodgrain foil finishes
- Bespoke colours in matt, satin, gloss or textured

Integral Blinds

Venetian blinds can be seamlessly integrated into our doors or windows. You have the option to choose the operating mechanism, whether it be a cord, wand, rotational knob, or a magnetic system. Select from a palette of 10 colors to customise the blinds to complement the style and decor of the property.

Astragal Bars

Astragal bars provide a sophisticated traditional aesthetic reminiscent of period architecture, simulating the appearance of classic individual window panes with the advantages of modern construction.
